### **Possible funding available for Manitoba businesses with working horses**

Manitoba Horse Council has received funding from the Federal Government of Canada to disperse amongst lesson barns, trail riding operations and other eligible businesses to help alleviate any financial hardships that may impact the welfare of horses used in these enterprises. An eligible business is one that uses lesson horses, trail horses or therapy horses that are 100% employed in the enterprise and only businesses that fulfill this criteria will be eligible to be considered for this funding.

Please do not apply if you do not have full time lesson, trail or therapy horses in your program. Please note that all completed questionnaires remain confidential and information contained in them will not be shared for any other purpose beyond the disbursement of funds.

Confidential survey here: <http://bit.ly/MHCQuestionnaire2021>

Deadline for completed applications is **30<sup>th</sup> June 2021**.
