

# 2022 Manitoba Horse Council Recreation Grant Criteria and Guide

## CRITERIA

### About the fund

Manitoba Horse Council has established a fund to help promote recreational equine activities and projects throughout the province of Manitoba. Since the inception of this program in 2010, 21 projects have been supported throughout Manitoba. These projects have included trail development and construction, improvements to corrals and equine camp sites, educational clinics, equine safety and welfare.

**Total MHC Recreation Grant funds available for 2022 will be \$2,500.  
Application deadline: January 31<sup>st</sup>, 2022.**

### Who can apply?

Grants will be considered from:

- MHC member clubs that have been members in good standing of Manitoba Horse Council for a minimum of 12 months and whose members are Manitoba Horse Council members
- Committees of Manitoba Horse Council whose projects meet the required criteria
- Individual MHC members having sufficient support and resources to ensure projects are achieved

### Definition of Project and Program

For the purposes of these grants:

- A project produces a tangible result. For example, creating or upgrading a trail or community riding facility, making a sign, etc. Projects must be for the benefit of Manitoba's recreational riders or Manitoba's horse owners as a whole, and all capital projects must be situated on public or publicly contracted lands e.g. municipal, regional or crown lands.
- A program produces an intangible result. For example, a clinic educating MHC members or their horses, or a seminar educating other members of the equine community.

### Other deciding criteria:

MHC reserves the right to choose between eligible projects and programs using one or more of the following criteria:

- applicants (MHC member clubs) who have not received funding grants in prior years may be chosen over those who have previously received funding grants
- applicants in communities that have not received funding grants in prior years may be chosen over applicants in communities that have previously received funding grants
- applicants who have proven their ability to make excellent use of the fund resources may be chosen over those who have not done so

Selection may also be influenced by:

- the importance of the project or program to the community as well as to MHC membership
- the potential number of MHC members and community members served by the project or program
- the amount of community support for the project or program
- the environmental benefits of the project or program

### Funding & reporting:

A complete report on the project or program must be submitted to MHC with copies of receipts within 2 months of project or program completion. MHC reserves the right to hold back 20% of the funding amount pending receipt of the report on the project or program's completion and submission of receipts.

Grant funds cannot be used for purposes not approved by MHC and must be dispersed within 12 months of receipt unless otherwise approved in writing by MHC. Proposed changes to previously approved use of funding should be submitted to MHC for approval.

Any unused funds must be returned to MHC on completion of the project or program.

## GUIDE FOR APPLICANTS

### Completing the Funding Application Form

This section follows the order of individual headings in the Application Form and provides guidance for completing the form. It is recommended that it be at hand while completing the Application Form. Information included in applications is held in confidence by Manitoba Horse Council.

- Results - what will be the visible results? Describe how this will benefit Manitoba Horse Council recreational riders or the Manitoba horse industry. For example: *Improved footing in the community arena will result in...*
- Performance Reporting - How success in achieving objectives be measured? For example: *Results of evaluations collected from participants or Increased numbers of riders using the trail after project completion compared to before.*
- Communications - Describe how you will communicate what was accomplished. Results are expected to be broadly communicated both to MHC members and others in the community who might benefit.

## Completing the Budget Table

An Excel spreadsheet template is available from MHC and requires essential information for the evaluation of your proposal. Please complete it accurately and carefully.

### Contribution Sources (Where the funds will come from)

These include funds provided to the project by your club or other organizations, firms or individuals and through revenue generated at events, advertising or sponsorships. Identify each source in the budget. Also include sources of other grant funding.

### Manitoba Horse Council Funding for Recreation Request

The amount of funding requested from the Manitoba Horse Council fund.

#### Cash

Contributions made in the form of cash or cheques.

#### In-kind Support

Non-cash support provided by project participants or sponsors using fair and reasonable valuations. Include a brief notation of the type of in-kind support and its source. (For example, lumber and nails provided by a local donor, or volunteer labour by club members.)

### Total Project Support

The sum of total cash costs and in-kind support

### Expenditure Areas (Where funds will be spent)

List the specific types of project costs such as services, fees, materials etc. being purchased and provided to carry out the project.

#### Cash

Actual costs to pay for the project services, materials etc. identified in the Expenditure Areas, supportable by invoices or documentation, if requested during an audit.

#### In- Kind

Non-cash contributions provided by project participants or supporters. Provide brief detail in the expenditures area. For example: Equipment and fuel provided by a club member or time spent painting fence rails.

#### Total

The sum of cash costs and in-kind support. The totals in each vertical column should match the corresponding totals of the Contribution Sources table.
